Dear Colleague,

The API Physician Research Forum invites you to the 5<sup>th</sup> Virtual Journal Club to be held on 3<sup>rd</sup> February 2022.

Just as the earlier Journal clubs, this will also be online. It is meant for MD/DNB Medicine students and faculty members. The other members of the API are also welcome to attend it. We will be sending you the link before the meeting. The schedule will be as follows:

This time the presentation will be by postgraduate students from SMS Medical College, Jaipur. There will be two student discussants and three faculty guides (moderators) for each article. The delegates can put their questions on the chat box and the faculty will take them during the discussion.

Both the articles are available on the website ([www.apiprfjournalclub.com](http://www.apiprfjournalclub.com)). Questions can be put on the website for the next one week and these will be replied by the faculty guides. To attend the journal club, you may register on the website or click on the link for the meeting.

In case your postgraduate students are interested in presenting or any of your faculty member volunteers to be a guide, do let us know since that will help in a wider involvement. It is only through mutual interaction, discussion, and participation that we will be able to make it useful for the students.

For any other information please message or call at number **9915169600**. Please send us your phone numbers so that we can send the link on WhatsApp also.

Kind regards

**Dr Y P Munjal**  
Director, PRF

**Dr Gurpreet S Wander**  
Director, Elect PRF

**Dr Rajinder Bansal**  
Joint Secretary, Elect PRF
